ISO 9001 : 2015 - Certified Lead Auditor

ISO 9001 : 2015 - Certified Lead Auditor - Certification Overview

To gather objective evidence via various methods and determine conformity to the requirements of Quality Management Systems the ISO 9001:2015 - Certified Lead Auditor Certification suits the requirement.

This Certification covers the ISO 9001:2015 standard in detail. Course designed exclusively for professionals who would like to establish their career as lead auditors for ISO 9001 and for professionals who would like to implement QMS.

The ISO 9001:2015 Certified Lead Auditor certification is designed to equip professionals with the knowledge and skills required to plan, conduct, report, and follow up on Quality Management System (QMS) audits in accordance with ISO 9001:2015 and ISO 19011 guidelines. This certification provides a thorough understanding of the ISO 9001 standard, including its principles, requirements, process approach, risk-based thinking, and continual improvement. Participants gain practical auditing techniques needed to evaluate organizational processes, identify nonconformities, and assess the effectiveness of quality management systems.

This certification is ideal for individuals seeking to perform first-, second-, or third-party audits or to advance their careers in quality management and compliance. It enhances professional credibility and supports organizations in achieving consistent product and service quality, customer satisfaction, and regulatory compliance. By earning the ISO 9001:2015 Certified Lead Auditor credential, professionals demonstrate their ability to lead audit teams, support certification audits, and drive continuous improvement initiatives across diverse industries.

Target Audience

This course is designed for ISO 9001:2015 Implementation Team Members, Management Representatives and ISO 9001 Lead Auditors. Those in charge of implementing or auditing ISO 9001 or QMS could also benefit from this Certification.
