Sample Exam

Exam Name: ISO/IEC 27006-1:2024 - Certified Lead Implementer

Exam Code: ISO-IEC-27006-2024-CLI

1. What is the primary purpose of ISO/IEC 27006-1:2024?

A. To establish information security controls for all organisations
B. To define requirements for bodies that audit and certify ISMS
C. To provide guidelines for developing cybersecurity software
D. To establish requirements for internal IT departments

Correct Answer: B

---

2. Which standard specifies the requirements that an organisation's ISMS must satisfy?

A. ISO/IEC 27002
B. ISO/IEC 17021-1
C. ISO/IEC 27001
D. ISO/IEC 27006-1

Correct Answer: C

---

3. What is the primary responsibility of a certification body under ISO/IEC 27006-1:2024?

A. To implement security controls on behalf of clients
B. To independently assess and certify an organisation's ISMS
C. To manage the organisation's information security risks
D. To develop the organisation's security policies

Correct Answer: B

---

4. Which statement best describes the relationship between ISO/IEC 17021-1 and ISO/IEC 27006-1:2024?

A. Both standards exclusively address technical security controls.
B. ISO/IEC 27006-1 replaces ISO/IEC 17021-1.
C. ISO/IEC 17021-1 provides general certification requirements, while ISO/IEC 27006-1 adds ISMS-specific requirements.
D. ISO/IEC 17021-1 applies only to organisations implementing an ISMS.

Correct Answer: C

---

5. Which statement correctly describes the assurance provided by ISMS certification?

A. It guarantees that the organisation will never experience a security incident.
B. It confirms that every organisational asset is completely secure.
C. It provides independent evidence of conformity within the defined ISMS scope.
D. It eliminates the need for ongoing risk assessments.

Correct Answer: C

---

6. What is the principal role of an accreditation body in the certification framework?

A. To implement the client's information security management system
B. To evaluate the competence and impartiality of certification bodies
C. To approve the organisation's security policies
D. To conduct all internal audits on behalf of certification bodies

Correct Answer: B
